

Your future medical career in the French Alps

Live and work in one of Europe's most
beautiful mountain regions

CHVM Hospital in Saint-Jean-de-Maurienne is recruiting doctors across multiple specialities
Situated close to world-renowned ski resorts and outdoor recreation areas, our peripheral hospital serves a growing local population as well as seasonal visitors throughout the year.

Centre hospitalier Vallée de la Maurienne

Located in the Savoie region, in the Maurienne Valley—a mountainous area stretching over more than 120 kilometers—the CHVM is a public hospital institution (492 beds and treatment places, 650 staff members) providing a comprehensive range of local healthcare services, including : Emergency Department, Mobile Emergency and Resuscitation Unit (SMUR) by road and helicopter, General Internal Medicine, Orthopedic and Trauma Surgery, General and Digestive Surgery, Gynecology and Obstetrics (Level 1 Maternity Unit), a Medical Care and Rehabilitation Department (general rehabilitation, musculoskeletal rehabilitation, geriatric rehabilitation, and sports medicine), Geriatrics, Home Nursing Care Services, Hospital-at-Home care and a Mobile Palliative care team.
